PROFESSIONAL SUMMARY

Computer Science graduate and full-stack developer with hands-on experience building and deploying responsive web applications. Worked on React.js frontends, Node.js/Express APIs, authentication, role-based dashboards, REST APIs, and MongoDB-backed applications. Also experienced with Odoo ERP, inventory workflows, supplier coordination, and day-to-day business operations in a real working environment.

TECHNICAL SKILLS

Frontend	React.js, JavaScript, HTML, CSS, Tailwind CSS
Backend	Node.js, Express.js, REST APIs, PHP
Databases	MongoDB, MySQL, SQL Server
Tools	Git, GitHub, VS Code, Visual Studio, Vercel, Render, MongoDB Atlas, Odoo ERP, Excel
Other	Flutter, Java, C#, Python, Cisco Packet Tracer

PROJECTS

EZ Tech - Full-Stack Home Services Platform

- React.js, Node.js, Express.js, MongoDB, JWT, REST APIs | [Live Demo](#) | [GitHub](#)
- Built a home services platform for homeowners, technicians, and admins.
 - Implemented login, registration, JWT authentication, protected routes, and role-based dashboards.
 - Created job request, quote, profile, and dashboard features with responsive mobile navigation.
 - Deployed the frontend on Vercel and backend on Render with MongoDB Atlas.

Coffee Shop Web Application

- React.js, Node.js, Tailwind CSS, REST APIs | [Live Demo](#) | [GitHub](#)
- Built a responsive coffee shop web app with product pages and shopping cart functionality.
 - Added cart features using local storage, including add to cart, remove item, total price, and demo checkout.
 - Improved mobile navigation and deployed the project as a live portfolio demo.

Personal Portfolio Website

- React.js, TypeScript, Tailwind CSS | [Live Demo](#) | [GitHub](#)
- Designed and deployed a portfolio website to present projects, skills, experience, education, and contact links.
 - Added live demos, GitHub links, responsive sections, and a contact form.

EXPERIENCE

Operations Assistant - Family Supermarket | North Lebanon | 2022 - Present

- Use Odoo ERP to manage product data, sales records, stock levels, and daily operational workflows.
- Support inventory tracking, supplier coordination, product availability, and customer-facing operations.
- Assist with cash management, basic accounting tasks, and real business problem-solving.
- Gained practical understanding of how software systems support business operations.

EDUCATION

Bachelor of Science in Computer Science - Lebanese International University (LIU)

CERTIFICATION

Certificate in Mobile Maintenance - CIS
